My views about Secondary 5

Grinding

=

Hardwork

Time

=

Success!

WWW.PURPLEANDCHROME.COM

- Not an easy way to get to polytechnic/JC or Millennia Institute
- Require lots of hard work and determination in their finishing O levels
- Efforts put in for N Levels \neq Efforts required for O Levels

What did I do to do well in my studies?

FOCUS

- I made a timetable with specific tasks to be completed for each day.
- I focused on my weaker topics for each subject
- I restricted myself from my mobile phone as it was too distracting
- I made myself understand rather than memorising
- Asked teachers for help when I needed any to clarify something

REVISION TIMETABLE

Most Importantly, self motivating towards myself and did not lose hope

My Advice for students taking Sec 5

- Set your objective and fulfill your main purpose to go Sec 5
- Do not lose your focus
- Work hard and work smart
- Don't be an owl
- Do not do anything at the very last minute
- Do not let anyone demotivate you
- Discipline > Motivation

THANK YOU

WE WISH YOU

ALL THE BEST
